

## Material Handling Equipment

### GPT-CB (Plus)-012 - Chain block PLUS

#### Description:

- The forging process of the frame keeps it in good shape and in high strength
- More stronger outer shell with high intensity and resistance to impact
- Heat treated body, shafts & gears for enhanced strength
- The multi-point bracing rationalizes the transmission system
- Forged lifting and suspension hooks, with safety latches
- The two pawls can double our safety factor
- All the non-slip nuts make sure it has a better security capability
- CE, Serial number, SWL & H.O.L shown on label and carton

Standard: BS EN 13157

Material: Forged alloy steel

Factor of safety: 4 to 1

Construction: Quenched & tempered

Proof load: Individually proof tested to 1.5 time of working load limit

Finish: Powder coated

**Chain Block PLUS**
